Motto: "For I know the plans I have for you" – Jeremiah 29:11

---

## Personal Summary

I am a passionate, multi-skilled individual with a background in Geoinformation Technology, a deep love for music, and a powerful voice in faith-based content creation. I blend technology, culture, and service to build platforms that solve real problems—like *LandLink*, a real-time land surveyor booking system, and a Kikuyu digital Bible product. I'm also a TikTok creator reaching thousands with wisdom, faith, and life lessons.

I aim to launch my own professional survey and tech business, while inspiring the youth through leadership, innovation, and storytelling.

---

## Education

**Bachelor of Technology in Geoinformation Science (BTech GIS)**

*The Technical University of Kenya*

*Expected Graduation: 2026*

- Specialization: Remote Sensing, Surveying, GIS Programming
  - ISK Student Member No. 6084
  - GIS Club, Youth Surveyors Group
  - Research project: *Digitizing Land Parcel Booking & Surveyor Access in Kenya*
- 

## Professional Projects & Startups

**LandLink (Founder & Developer)**

*2025 – Present*

A full-stack web-based platform that connects clients with licensed land surveyors. Features booking systems, parcel viewers, dashboards, and GIS integration (Leaflet.js, GeoServer, PostgreSQL/PostGIS).

- Built using Node.js, Express, Prisma, Leaflet.js, HTML/CSS
- Roles: UI/UX Designer, Backend Developer, GIS Integrator
- Domain: [www.landlink.co.ke](http://www.landlink.co.ke)
- Integrated roles for clients, surveyors, and admins

## **Siraki Kikuyu Bible Project (Creator & Publisher)**

*2024 – Present*

Created and digitized the Kikuyu version of the Book of Sirach ("Siraki") from physical text into a professionally formatted digital product, annotated and sold via TikTok.

- Full Kikuyu text typed & verified
- Integrated payment platform (e.g., Paystack) for paid downloads (KSh 600)
- Vision: physical and digital Bible shop combining faith & heritage

---

## **Skills**

### **Tech & GIS:**

- GIS Software: QGIS, ArcGis, Google Earth Engine, GeoServer, PostGIS
- Programming: JavaScript, Node.js, HTML/CSS, Python
- Tools: Leaflet.js, Express, Prisma, PostgreSQL, VS Code
- Remote Sensing for business and land-use analysis

### **Creative & Content:**

- Digital storytelling & video creation (TikTok, Canva, Capcut)
- Copywriting and proposal development
- Bible-based content in Kikuyu and Swahili

### **Leadership & Communication:**

- Youth Praise & Worship Team Leader (Presbyterian Church)
  - Service planning, coordination, and uniform decision-making
  - Peer mentor and Bible study guide
-

## Music & Faith

- *Pianist at Church* – Lead pianist and equipment handler (keyboard, mixer, speakers)
  - Choir practice coordinator, planner of praise sets
  - Creator of “Chimp wa Siraki” – a humorous + wise faith-based storytelling series in Kikuyu
  - Public speaker & motivator, especially around personal growth and betrayal recovery (Siraki Ch. 9–10 based wisdom)
- 

## Entrepreneurship & Business Goals

- Owner of *KIMEX COMMUNICATION*
  - Plans to open a **Bible/bookstore** with digital & physical books (Kikuyu focus)
  - Exploring cryptocurrency basics and business location planning via Remote Sensing
- 

## Certifications & Memberships

- **ISK (Institution of Surveyors of Kenya)** – Student Member
  - Ongoing CPD tracking via ISK Portal
  - Intern under licensed senior surveyor
- 

## Personal Interests

- Bible study and annotation in Kikuyu & Swahili
  - Entrepreneurship, digital marketing, GIS, and remote sensing
  - Music production & live playing (considering Yamaha PSR-E473 or Novation Launchkey)
  - Tech problem solving, GIS apps, and African innovation
  - Travel & global cultural exposure (dream: visit Spain ☐☐)
- 

## Languages

- Kikuyu – Native
- Kiswahili – Fluent
- English – Fluent
- Spanish- intermediate

---

## **Vision 2032**

By 2032, I plan to:

- Own a licensed survey firm in Kenya
- Build a chain of digital and physical Bible/bookshops
- Expand LandLink across East Africa
- Release original Kikuyu faith music
- Inspire a generation of youth through digital storytelling and clean content
